

We are so excited for year 6 of Winter Craft. Last year was our first year partnering with the Colorado Brewers Guild and were able to raise over \$4500 for the great organization.

We feel we have a great opportunity to host the festival on Leap Day and encourage everyone to use their extra day in 2020 to experience all the Colorado independent craft beer scene has to offer.

We'd love for you to join us!

Brewers Pouring

We have worked out a deal with the liquor license holder at CU to allow you as brewers to take their online alcohol training course. (approx. 30 minutes)

If you choose to complete this course your reps can pour themselves. If you choose not to, one of their employees will pour with your team at your booth. We will send link for training closer to event.

Thank you for understanding we are trying our best to make this a good experience for your team.
